Reasons for Allowance

1. Examiner has reviewed and considered Applicant's comments as indicated on pages 9 – 11 of Applicants response dated (11/09/2006) as well his most recent response dated 03/26/07 regarding newly submitted IDS dated (02/08/07). However, after further review of Applicant's response and considering the newly submitted IDS, Examiner still maintains the allowance of claims 1 – 30.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

A computer implemented for providing content to a target device, the method comprising:

"...an act of altering the code of the termination function to redirect the functionality of the termination function to a memory resident invalid instruction such that a termination event causes the invalid instruction to be executed, execution of the invalid instruction causing an exception that provides termination information to the termination event..", as best illustrated by figure 2, and in such a manner as recited in independent claims 1, 16 and 21 and as pointed out in Applicant's amendment (11/09/2006) on pages 9 – 11.

Therefore, claims 1 – 30 are in condition for allowance.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
